## **Consulting and Analysis**

### Personnel Consulting and Personnel Search

Corresponding to your individual match we search and test the applicants. They will be presented not before they passed successfully a pre-selection process. Test batteries based on practical experience will be part of a reliable method. We identify candidates by direct communication (canvassing, phone) to conduct interviews. Moreover we utilize many other sources and publish advertisements.

## **Industrial Planning**

General contractor for industrial buildings (co-operating with partners and specialists)
